

INA Outboard Plus

General Description - Application

INA Outboard Plus is premium high-performance engine oil for modern water-cooled two-stroke outboard engines such as Yamaha, Mercury, Honda, Suzuki, Tohatsu, Johnson, OMC and others. It provides lubrication of highly loaded two-stroke water-cooled gasoline engines preventing exhaust port blockage, piston ring blockage, deposit build-up and spark plug fouling and protects internal engine parts from corrosion caused by marine environment.

Performance Level - Specifications

NMMA TC-W3 - Approval

Meets the requirements of Mercury 15HP, OMC 40HP and OMC 70HP engine tests

INA N 22-100

Properties	INA Outboard Plus	Method
Appearance and Colour	clear, brown oil	visual
Kinematic Viscosity, mm ² /s - at 40 °C - at 100 °C	43,1 7,2	ISO 3104
Flash Point (COC), °C	116	ISO 2592
Pour Point, °C	-33	ISO 3016
Content of Water and Mechanical Impurities, vol. %	none	ISO 3734
Corrosion (Cu, 100 °C, 3 h)	1 a	ISO 2160

The above figures are typical of those obtained with normal production tolerance and do not constitute a specification.
